Capstone in Entrepreneurship
This course serves as a capstone for the Entrepreneurship Minor and provides students with the opportunity to work on either a simulated or real startup company, as well as examining case studies from leading entrepreneurs. Multidisciplinary teams of students work on mentor-defined or mentor-approved projects, from product or process conception towards commercialization. The course is intended to show what it takes to assemble teams with core competencies in different areas into a successfully functioning business organization. Teams work on a variety of issues including intellectual property, marketing, definition of a product requirements document, human factors, safety and environmental concerns, and legal matters.
