

# NURSING, M.S.N. - SCHOOL NURSING

---

The School Nurse Program is designed for the student who desires a PA Department of Education K4-12 School Nurse Certification. This program is offered as a stand-alone post-baccalaureate School Nurse Certification or as part of the MSN-School Nurse curriculum. In order to achieve certification, students progress through courses in Advanced Educational Psychology and School Nursing. The courses incorporate online instruction and experiential learning activities in a public school setting. All course content and time offerings are designed to meet the needs of the student as well as Pennsylvania standards for School Nurse Certification. For students who do not reside in Pennsylvania, it is possible to complete the MSN in school nursing degree, but only students completing the 100 practicum hours in a Pennsylvania K-12 school district will be eligible for the PDE PK-12 certification.

## Admission Requirements

Applicants for the Master of Science in Nursing in Nursing Education program are referred to the *Admission Requirements* section for general criteria and guidelines for admission to the University.
