

ART, B.F.A.

Due to the extensive preparation, this degree is considered the "professional" art degree and prepares students to pursue a career or establish their own businesses in art. Graduates may sell their work through various art and craft show circuits, open their own galleries, accept freelance work for clients, or start their own graphic design agencies. Additionally, this program prepares students who wish to continue their education and acquire MA (Master of Art) or MFA (Master of Fine Art).
