

CULTURAL ANTHROPOLOGY MINOR

Millersville University's minor in Cultural Anthropology is a valuable complement to a major in any social science or humanities discipline. With a broad perspective on issues and problems regarding the human race, students are able to pair this minor with the major of their choosing in order to prepare for employment in fields such as not-for-profit organizations, entry-level work with local, state or federal government agencies, and employment in the business community. Students can also move into advanced study, which leads to careers in teaching and research at colleges, universities or museums, and careers within local, national or international business.
