

# CONSTRUCTION TECHNOLOGY MINOR

---

The minor in Construction Technology is available to students who complete 18 credits of technical courses. Four foundational classes explore safety, materials processing and computer-aided drafting and design. Students then select two technical courses focused specifically in construction technologies.

## ***Regulations Governing Minor Course Work***

1. There shall be a minimum of 18.0 credit hours with a minimum Millersville QPA of 2.0.
2. Only one course which counts toward your major may be counted toward your minor.
3. Courses that count toward a minor are also eligible to be used to satisfy the current University-wide General Education requirements subject to normal distribution requirements.
4. At least two courses should be at the upper-division level (300-400). Exceptions may be requested upon evidence of program depth.
5. No course needed for the minor may be taken Pass-Fail.
6. One-half or more of the work required for the minor must be completed at Millersville University.
7. No student may minor in his or her major.
