TECHNOLOGY & ENGINEERING EDUCATION MINOR

The minor in Technology & Engineering Education is designed to help students prepare for the Praxis subject area specialty examination in Technology & Engineering Education. Successful completion of these courses, combined with a passing score on the subject area exam, should provide adequate preparation for teachers of other subjects to effectively deliver courses in Technology & Engineering Education at the K-8 level as these programs tend to be broad-based survey types of courses. It is likely that individuals would need more preparation to deliver courses with more depth at the high school level, but the certification is for all courses K-12.

Regulations Governing Minor Course Work
1. There shall be a minimum of 18.0 credit hours with a minimum Millersville QPA of 2.0.
2. Only one course which counts toward your major may be counted toward your minor.
3. Courses that count toward a minor are also eligible to be used to satisfy the current University-wide General Education requirements subject to normal distribution requirements.
4. At least two courses should be at the upper-division level (300-400). Exceptions may be requested upon evidence of program depth.
5. No course needed for the minor may be taken Pass-Fail.
6. One-half or more of the work required for the minor must be completed at Millersville University.
7. No student may minor in his or her major.
