CHEMISTRY, B.S. - BIOCHEMISTRY OPTION

Millersville University is one of the few universities in the Commonwealth of Pennsylvania that awards an ACS approved Bachelor of Science Degree with an option in Biochemistry. The program provides the student with a basic background in chemistry and biology as well as a flexible science elective block that will allow the student to pursue any one of a number of major areas of interest upon graduation. The student may also elect to participate in the Cooperative Education Program during his or her course of study. This opportunity affords the student with invaluable practical on-the-job experience, as well as earning college credits and a salary. The career opportunities available in biochemistry are many and diverse.
