SUSTAINABILITY STUDIES MINOR

Sustainability Studies (https://www.millersville.edu/geography/undergrad-program/sustainability-studies.php) is an interdisciplinary field, engaging sustainable development, environmental studies, public and environmental policy, city and regional planning, economics, social well-being, and global and local understanding. A minor in Sustainability Studies requires 18 credits.

Regulations Governing Minor Course Work

a. There shall be a minimum of 18.0 credit hours with a minimum Millersville QPA of 2.0.

b. Only one course which counts toward your major may be counted toward your minor.

c. Courses that count toward a minor are also eligible to be used to satisfy the current University-wide General Education requirements subject to normal distribution requirements.

d. At least two courses should be at the upper-division level (300-400). Exceptions may be requested upon evidence of program depth.

e. No course needed for the minor may be taken Pass-Fail.

f. One-half or more of the work required for the minor must be completed at Millersville University.

g. No student may minor in his or her major.
