THE LOMBARDO COLLEGE OF BUSINESS

The Lombardo College of Business is nationally accredited by the Association of Collegiate Business Schools and Programs to offer Bachelor of Science (B.S.) degrees in accounting, finance, management and marketing, and business administration with concentrations in general business and international business. The curriculum is designed to provide study in the subjects required for employment in any business or organization. The College’s program has a diverse faculty with extensive academic training and business experience.

The curriculum also provides excellent preparation for graduate and professional studies leading to degrees such as the M.B.A., M.S., Ph.D. and the J.D. Accounting students have available all the necessary coursework to sit for either the CPA or CMA, CIA, or the CFE examination.

Internships are an integral part of our program and commonly link students with local industry. Minor study can also be incorporated. Studies in disciplines outside business are required to help develop the well-rounded and liberally educated person employers seek.

Admission into the Bachelor of Science program from other departments of the University is always possible. Those interested should apply to the appropriate chairperson. Transfers from other institutions should check with the Office of Admissions. The department offers minors in general business, accounting, finance, management and marketing. Please see the appropriate chairperson for an application. Students who are interested in online degree options should contact the Office of Online Programs.
