

THE CAREER CENTER

The Career Center provides student-centered career programs, experiences and learning opportunities to assist you in achieving your personal and professional goals.

The Career Center helps students develop personalized plans for securing academic internships and post-graduation employment. The Center also connects students with mentorship opportunities for personal and career development. Services and programs for students are offered in-person and virtually. Students use the University's comprehensive career management platform (*Handshake*) to make individual career coaching appointments with staff, to access employer contacts, jobs, and internship opportunities, and to register for job fairs, events, and employer interviews.
